### **Actions to stop doing:**

Stop working on the project before pulling from github to avoid conflicts.

### **Actions to start doing:**

Work on the project after pulling from github to make sure no member has changed anything.

Push your work to github after you are finished working

### **Actions to keep doing:**

Communication and showing progress on-time.

Keep doing all of the very helpful Scrum practices such as meeting 3 times a week .

Keep availability open.

### **Work completed/not completed:**

With successful Scrum practices and commitment, the group has successfully completed all of the work.

Though we would like to make some of the pages look better than they currently look.

### **Work completion rate:**

100%
