Actions to stop doing:

Stop having time conflicts with scrum meetings.

Actions to start doing:

Be on the same level, time wise with everybody and the ta.

Actions to keep doing:

Communication and showing progress on-time.

Work on the project after pulling from github to make sure no member has changed anything.

Push your work to github after you are finished working

Work completed/not completed:

With successful Scrum practices and commitment, the group has successfully completed most of the work.

Though there are some small bugs we would like to figure out. .

Work completion rate:

85%
