Sprint 3 Report

Brian Fabello | Jerry Liu | Justin Lau | Nathan Wakefield | Tommy Tran | Alhomaidi Alotaibi
July 25, 2017

Actions to stop doing:

Stop having time conflicts with general meetings.

Actions to start doing:

Spend more time on tasks estimation to have better estimations of required work.

Consult the TA more (outside TA meetings).

Actions to keep doing:

Communication and showing progress on-time.

Work on the project after pulling from github to make sure no member has changed anything.

Push your work to github after you are finished working.

Work completed/not completed:

With successful Scrum practices and commitment, the group has successfully completed most of the work except one feature (get notified when certain tickets are posted) the group was not able to finish it before the Sprint ends.

Work completion rate:

90%
